Mon - Fri 8am - 6pm

Address

38732 N 10th St.
Desert Hills, AZ 85086
USA

Phone

1 (888) 329-9888

The goals of this internship program are designed to support and are aligned with the learning objectives of the academic component designed by Sacred Heart University (SHU). This program is a four week program offered in September and October for SHU students interested in pursuing a medical career. Students will live with host families, have time to explore on their own, while performing clinical rotations in a local hospital environment under the supervision of an assigned doctor. This program also offers options to include a one week intensive Spanish course, as well as, a social activities package to keep students engaged and interacting with other program participants during the program.

No previous knowledge of Spanish is required for this program.

Students interested in pursuing a career in health care can now complement their university education through SHU's Medical Rotation program in Seville, Spain. GlobalEd's experience, staff, infrastructure and relationship with the health care sector in Seville, Spain offer an unparalleled study abroad opportunity. The development of programs like these comes from years of networking with local hospitals and professionals in the healthcare sector. Program participants will work 20 hours per week under the supervision of a senior medical doctor to oversee and provide guidance and feedback to students in the areas of: from doctors from a wide range of disciplines and nurses in a hospital environment performing a wide range of functions.

Students are expected to perform many of the following during their clinical rotations:

- Obtain detailed histories and conduct physical exams, develop a differential diagnosis, formulate an assessment and plan through discussion with the preceptor, give oral presentations, and document findings
- Perform and/or interpret common lab results and diagnostics
- Educate and counsel patients across the lifespan regarding health-related issues
- Attend clinical rotations as scheduled in addition to grand rounds, lectures, and conferences, if available to them
- Demonstrate emotional resilience and stability, adaptability, and flexibility during the clinical year

What's included

What's included*: (Please see program options)

- Airport Pickup
- Welcome Coffee
- Onsite Program Orientation
- Weekly Cultural Activities (Optional)
- One week of intensive Spanish language training (Optional)
- Medical Internship
- Supervision of a senior medical professional
- Family Housing (with full meal plan) for students
- Experienced Onsite Staff
- 24/7 Emergency Support

What's NOT included:

- Airfare to and from Seville
- Staff escort to airport at the end of the program
- Personal expenses
- Meals during excursions

Program Eligibility:

- Program Eligibility criteria will be determined by the university sponsoring the program.
- Minimum Language Requirement: None.
- Successful candidates will demonstrate academic success, maturity and a desire to experience another culture.

Student Life

Seville, Spain

Seville is the artistic, cultural and financial capital of Southern Spain. The city is renowned for its warm climate and friendly culture, making it an ideal setting for language learning, cultural integration and professional development. A stroll through the city's winding cobblestone streets reveals a wide array of bustling sidewalk cafes and tapas bars, spontaneous flamenco performances and an active nightlife. Internationally known for the grandeur of its Easter Week processions and April Fair, Seville offers a variety of rich cultural experiences set against historical Roman, Muslim, and Jewish influence.

SOCIAL ACTIVITIES PACKAGE - \$200

Students can participate in a variety of afternoon activities designed to enhance their appreciation of the city's history and local cultural through local activity and excursion providers. GlobalEd's Social Activities Package includes the following:

- Welcome Dinner exposing students to local Spanish foods
- Horse & Carriage Ride through Seville
- Experience our weekly culinary and social event called "Tapas" tour.
- Afternoon Coffee along the Guadalquivir River
- Flamenco Show
- Farewell Dinner

Intensive Spanish

SPANISH LANGUAGE MODULE - \$250

This is an optional program module for students interested in receiving a one week intensive Spanish course (20 hours) during the first week of the program. Immediately upon arrival and during the first week of the program, students will be placed in a one week intensive Spanish course in accordance with their competency level to facilitate their transition to the Spanish culture and language as soon as possible. In total, students will receive 20 hours of language instruction Monday through Friday for four hours per day, 9:00am to 1:00pm. GlobalEd currently works with a couple of accredited language schools in Seville to provide instruction to students of all language competency levels. Each student will be tested both prior to arrival and onsite to determine their Spanish level and placed in a class typically ranging from 6 to 10 students.

A weekly bulletin is published with activities and excursions which program participants will have the opportunity to enjoy, in addition to the social activities coordinated by GlobalEd.

Medical Supervisor

During the student's time at the clinic or hospital, the preceptor will be available for supervision, consultation, and teaching, or designate an alternate preceptor. In the case where supervision is not available, students may be given an assignment or may spend time with ancillary staff (x-ray, lab, physical therapy, etc.), as these experiences can be very valuable. The preceptor will be aware of the student's assigned activities at all times and participate in the planning of every shift. The first week's planning will be shared with student on the first day while given a tour of the hospital showing where all the shifts will be. The supervisor will also introduce the student to supporting staff.

It is understood that students are not employees of the hospitals or clinics and, therefore, work entirely under the preceptor's supervision. Students are not to substitute paid clinicians, clerical staff, or other workers at the clinical sites. Students will **never** be unsupervised. On each rotation, it is the student's responsibility to ensure that the supervising physician or preceptor also sees all of the student's patients. The preceptor can provide direct supervision of technical skills with gradually increased autonomy in accordance with the PA student's demonstrated level of expertise. However, every patient must be seen and every procedure evaluated prior to patient discharge. The preceptor must document the involvement of the PA student in the care of the patient in all aspects of the visit. The preceptor must also specifically document that the student was supervised during the entirety of the patient visit. The PA student will not be allowed to see, treat, or discharge a patient without evaluation by the preceptor.

Feedback to Students

Students will receive both regular and weekly feedback on their performance throughout the program.

Excursions

Due to the short term of these programs combined with the expected low enrollment, excursions will not be included in the different sessions. However, the opportunity to participate in a pre-programmed semester excursion may be offered to program participants at an additional cost provided there is availability. Below, you may find some of the excursions typically offered during the semesters.

In southern Spain, along the Costa de la Luz, you will find the beaches of **Cádiz** with its 260 kilometres of coastline and some of the most beautiful beaches you could imagine. This Andalusian province is washed by the Atlantic Ocean and the Mediterranean Sea. It has many protected nature areas which include salt flats, sand dunes, pine forests, pastureland where fighting bulls are reared, springs, cliffs.

Spend the weekend in **Granada**, an evoking city where multiple civilizations that once lived on Andalusia soil left a cultural legacy that is a marvel of the world. The Alhambra is the joy that crowns this beautiful city at the foot of the Sierra Nevada mountain range.

Spend a day in **Córdoba** and explore its treasures starting with the Alcazar de los Reyes Cristianos. Walk through and enjoy the beauty of Córdoba's famous Mezquita, spectacular testimony to the Califalian age. Explore the Jewish quarter, full of life and great shops. Walk through Córdoba's streets including the "Callejón de las Flores" and "Plaza de los Gran Maimonides", stopping off at the Sinagogue.

Housing

We consider housing accommodations to be a key element to the success of any study or work abroad experience. For this reason, we place considerable importance on understanding each student's lifestyle and interests and by carefully selecting each placement taking into consideration proximity, experience, amenities and past program evaluations. All placements typically have WIFI access and include reasonable use of utilities. Housing assignments are communicated prior to arrival in the form of a housing sheet and are designed to match the needs and expectations of each program participant. The detailed information in our housing sheets describes the housing accommodation, amenities, occupants, location, description of the neighborhood and a distance chart to local points of interest.

Housing Summary

- All accommodations are in safe locations
- Experienced Host families
- Individual rooms (buddy system for faculty-led)
- Full meal plans
- WIFI Access
- Weekly laundry service
- Normal utility usage

Placement Process

- Students submit a housing preference form with restrictions, allergies, etc...
- Families are chosen based on...
- Proximity
- Experience
- Adaptability
- Past evaluations

Our Team

Steven, Executive Director

Steven has direct international work experience managing study abroad programs, creating internship opportunities and developing faculty-led initiatives since 2001 to create a safe, positive and unforgettable study abroad experiences. *MBA. University of Miami, MSIB. (Master of Science in International Business) University of Miami, BA. Spanish and Economics. University of Massachusetts at Amherst, Myers Briggs Certified Practitioner since 2010*

Rosa, Enrollment Coordinator

Rosa has a degree in History from the University of Seville and over seven years of both language and content teaching experience. She has also lived in the United States for over seven years. Her public speaking and organization skills combined with her love for travel and interaction with different cultures has made her a perfect fit to run the Seville program. *BA. History. University of Seville*

Nicole, Seville Onsite Program Director

Nicole, originally from Chicago, studied abroad in Seville as an undergraduate student and feels fortunate to have been able to come back to live and work in this wonderful city. Nicole has been working in the field of international education since 2011. She has a degree in Spanish and Business from Indiana University, as well as a certificate in Russian language and is currently pursuing a master's degree in Linguistic, Literary, and Cultural Studies at the University of Seville.

Carlos, Seville Program Assistant

Carlos is a native of Seville and has been working in the field of study abroad since 2009. Carlos is a passionate traveler, loves meeting people from other cultures and enjoys performing language exchanges with visitors to Seville. Carlos has worked for CEA and GlobalEd as well as other organizations in the tourism and study abroad sector managing activities, excursions and the housing experience of program participants.

Juan, Career Development Director

Juan is from Seville, Spain and has been working in the study abroad sector since 2005 in various roles, including study center director and career development instructor. He has an undergraduate degree in legal studies from the University of Seville and an MBA from the Universidad Pablo de Olavide. He completed a Master in Education with a concentration in Bilingual Vocational Training.

Alejandro, Cultural Guide

Alejandro was born and raised in Seville, Spain, and loves getting to know other cultures and people from all over the world. He has a degree in Art History from the University of Seville, and a Master's degree in Design. For over a decade, he has been working in the study abroad sector. He hopes to continue helping students explore and discover the history and culture of Spain.

Víctor, Cultural Guide

Víctor was born in Seville and is passionate about his hometown. He loves strolling around the city's streets full of history and sharing what he knows and feels about his town as a way of extending a warm welcome to friends visiting home. Víctor has a degree in English Studies from the Universities of Seville (Spain) and Birmingham (UK). He has devoted the last 17 years to the education sector, including NGOs, high schools, and educational companies as a teacher, coach, and marketing assistant in both Spain and Ireland.
