

# HS336 Childhood Health Inequities: Social and environmental determinants of health

May 25<sup>th</sup> – June 9<sup>th</sup>, 2018

This course is an interdisciplinary investigation and analysis of the ecological and social conditions that shape current patterns of childhood health disparities. Particular attention will be given to the disproportionate health burdens on disenfranchised communities in both US, Irish, and global regions. Enjoy group dinners at a variety of local pubs, excursions to see surrounding archeological sites, an overnight trip to beautiful Killarney, a day trip to the Blasket Islands, and more. For more information, contact Prof. Christina Gunther ([guntherc@sacredheart.edu](mailto:guntherc@sacredheart.edu)).
